WELCOME

Dear Conference Participant,

On behalf of the Juraj Dobrila University of Pula, we sincerely welcome you to the final conference of our project 3D and Virtual Reality Technologies for VET (VET - Vocational education and training). The aim of the conference is twofold. Primarily, celebrates the project results and cordially share them with our pupils, students, project partners, and all other distinguished participants. Secondary, it marks a success story of the first Erasmus KA2 project in a role of a project coordinator, especially within the given circumstances during the pandemic.

The main objective of the project is the dissemination of knowledge to students, professors, and other enthusiasts in the field of new trending technologies of CAD modeling, 3d printing, and Virtual reality. The special focus is on the target audience of technical school, vocational industrial school and medical school.

The Project Final Conference in Pula brings together academics, students coming from VET, professionals, experts, higher education representatives and other stakeholders.

The event presents the handbook ("Recipes for 3D experience improvement") and Open, online, digital education – E-learning course/module (Guidelines for 3D and VR experience).

Furthermore the event presents:

- How 3D printing and 3D innovation will change the way we live and work in the future.
- Applications of 3D Printing. The wide spread applications of 3D Printing in various industries/fields.
- Trends and Future of 3D Printing. Possibilities and Present biggest thing in 3D Printing, more commercial and technical aspects.
- Virtual Reality in Education –ClassVR.
- Special awards for the invention on 3D model of Amphitheater in Pula.

The Juraj Dobrila University of Pula welcomes you to Pula on **April 28th, 2022.**

**Enjoy
your
stay!**

ARRIVAL TO PULA

PLANE

Pula has its own international **airport** with daily flights to Zagreb and direct transferring services from many European cities.

There is a scheduled bus service from the bus station in town to the airport. Buses are operated by **Brioni** and connect to most major flights. The cost of a one-way ticket is 25 HRK (aproximately 3,4 €).

A taxi (**Taxi Cammeo; Taxi Pula**) from the bus station to the city should be around 85 HRK (aproximately 11,4 €) in the low season and higher in the summer.

Zagreb airport (Croatia), Trieste airport (Italy), Venice airport (Italy), and Ljubljana airport (Slovenia) are well connected with Pula.

LAND

The large and modern bus station is on the edge of the 'old town' district and it is the hub of local, domestic and international bus routes.

Online timetables:

- Bus company **Brioni Pula**
- Bus company **Fils**

SEA

Venezia Lines ferry connects Pula with Venice. It runs five times a week, travel time is around 3hr. Service is available only throughout the summer season.

PUBLIC BUS

Pulapromet is providing the public bus transport in Pula.

Passengers have opportunity to buy ticket directly in the bus while entering; in this case price of the ticket is 11,00 HRK (aproximately 1,4 €).

Passengers have opportunity to make bus card on which they can transfer certain amount of money. In this case bus ticket costs 7,00 HRK (aproximately 1 €); ticket is valid for one hour for the bus line that ticket was bought.
